- Getting familiar with job requirements & softwares
- 7. Studying about the job
- 8. Having an interview with the recruiter
- 9. How to follow up after the interview
- 10. How to read the job contract

- 11. The first day of the new job
- 12. Musts and mustn'ts at work

1. How to find job titles

Which websites & applications? How to search?

2. How to find an appropriate job for our abilities

How to search according to our interests & abilities?

3. How to put a CV together

The structure
The titles
Neither over-qualifiled nor under-qualified
Highlighting the achievements
Not an Iranianized resume:)

4. How to write a cover letter

Only 1 page
A summary of the resume
It should motivate the recruiter to read your resume

5. How to make a LinkedIn Page

An appropriate header
A good photo
A good background
An appropriate summary
Mentioned skills should be endorsed (Preferably by reliable and senior-level people)

6. Getting familiar with job requirements & softwares

Reading the **job descriptions** very carefully

7. Studying about the job

8. Having an interview with the recruiter

Types of interview (telephone, Zoom, face-to-face)
How to answer the recruiter's questions
Interview 1, 2 & 3 are different.
WHO interviews you in each interview?

9. How to follow up after the interview When and how to follow up?

10. How to read the job contract

Salary
Leaves (annual, sick, maternity, paternity)
Offers
Breaks

11. The first day of the new job

The importance of first impression The importance of dress code What to take?

12. Musts and mustn'ts at work

Cultural musts and mustn'ts
